OLD ROSEBUD DOING WELL

KENTUCKY DERBY FAVORITE WORKS MILE IN 1:45% AT DOUGLAS PARK.

Witnesses of Trial Convinced That Uncle Gelding Will Continue His Victorious Career During Coming Season—Other Gossip from Louisville.

Louisville, Ky., April 8.—That Old Rosebud's preparation for his Kentucky Derby engagement on the ninth of next month is proceeding in a highly satisfactory manner is indicated by a piece of work that the unsexed son of Uncle and Ivory Bells did at Douglas Park yesterday in connection with the examination into his physical condition conducted by P. T. Chinn, acting in behalf of Jefferson Livingston, who has made H. C. Applegate & Co. an offer of \$55,000 for the gelding. Old Rosebud was sent a mile and covered the distance in 1:45% with great ease. It is evident that he will be ready to race at Lexington, should his owners so desire. The manner in which the work was done suggested to critical onlookers that he is likely as a three-year-old to duplicate his two-year-old triumph.

Aside from this, there has been little Derby work of significance by any of the various candidates now in training at the local tracks. Towards the last of the week Hodge and Ralph will be set down and other eligibles are gradually working up to fast trials. All, however, are doing extraordinarily well in training for the rich stake, which in monetary value, as well as general interest, overshadows any previous Kentucky Derby in the forty years' history of this notable event.

J. E. Madden's Derby-eligible, that slashing filly, Watermelon, in her latest work went a mile in 1:48%, covering the first three-quarters in 1:19%. This slightly daughter of Watercress has spread out and grown greatly since last season and is just the type of a filly to go a good mile and a quarter as early as May 9, the date set for the running of the Derby this spring.

Another Derby candidate that is going along well is the colt Tener, owned by Arnold & Co., in the stable of James Everman. His latest work is five furlongs in 1:05%, the first half being traversed in 53. This is a maiden Derby-eligible which James Everman recently won fifty dollars at odds of 100 to 1, and he now holds a ticket on him calling for \$5,050. The future book operators, on the strength of this wager, have cut Tener's odds to 30 to 1.

Frederic Dan Lohan sent A. P. Humphrey, Jr.'s Derby candidate, Brouzewing, five furlongs in 1:06, and is evidently preparing her for a longer trial. This daughter of Stalwart is apparently a greatly improved filly this spring.

Ralph and Hodge never miss a morning's exercise on the course and the latter holds true to James MacManus' belief. Another gelding engaged in the race that is seen daily at the Downs in training is Toronto, in John H. Morris' string, also trained by Everman, who works him by himself and employs the same tactics with Tener.

C. S. Warner of Ivan Gardner, winner of the Palmetto Derby, is still lingering here, watching the great Derby eligibles take their training. He has in his colt one that can surely go the Derby route, as this son of Ivan the Terrible has the unique distinction of being the only three-year-old that has won both a mile and a quarter race for all ages and a race at the same distance for three-year-olds before the first of March in his three-year-old form. He will have some following for the Kentucky Derby, though on account of his Charleston victory will have to carry a scale weight of 122 pounds in the Derby this spring. He has surely been a good bargain for his owner, who paid only \$225 for him as a yearling. At that age he was offered in a sale of J. G. Greener's youngsters, in Canada, and bought by another turfman for \$225. When the time came to settle the bidder failed to show up and Wilson then took the colt off Mr. Greener's hands at the same figure. Ivan Gardner raced twelve times as a two-year-old, winning three races, finishing second twice and third twice. He won his maiden race at Mineral Springs, Indiana. Mr. Wilson will keep Ivan Gardner at Lexington, where he is now quartered, until the Kentucky Association meeting is over. He will likely start him a time or two there before bringing him here to fill his Kentucky Derby engagement.

Some good work has been done recently by the eligibles for the Kentucky Handicap, the feature race of the coming Douglas Park meeting, to be run on Saturday, May 23. Any Port, in the stable of Old Rosebud, went a mile in 1:44%; Star Charter six furlongs in 1:18%; Froglegs a half in 50%; and Rudolf five-eighths in 1:07%. The latter is stable at Churchill Downs, while the others are all quartered at Douglas Park. Other recent work at the last-named track embraced three furlongs in 37 by David Craig; a mile in 1:48% by Monstone; a half in 56 by San Vega; a half in 55% by Leo Skolny; a half in 56 by Yale; a half in 55% by Duval Crown; a quarter in 25 by Old Knituck; a half in 56 by Ida; a half in 55% by Breezer, which worked with Type; and three furlongs in 38 by John W. Sebor's two-year-old half-sister to Little Nephew and half-brother to Old Rosebud.

Good work at the Downs embraced three-quarters in 1:18% by Cash on Delivery; a half in 49% by Anur; three-quarters in 1:19 by Casey Jones; a half in 52 by O'Reilly; a quarter in 25 by Santa Claus; three-quarters in 1:19 by Ovation; a half in 50% by the Queen Eleanor filly owned by W. F. Schutte; three-eighths in 39 by Rooster; a half in 57 by Spindle; five-eighths in 1:05 by Judge Greens; and three-quarters in 1:18 by Yankee Tree.

Most of J. E. Madden's two-year-olds have been worked during the last few days three furlongs in from 38 to 39. They are all big and lusty and apparently not nearly up to fast work as yet. Horsemen much admire the banker-Saratoga Belle colt in this string and his half-brother to Fayette looks as if he has in him the making of a high-class two-year-old.

John Hachmeister, manager of the Douglas Park and Latonia tracks, has written from Florida that he expects to leave April 16 for Kentucky. He is expected to come to this city early next week. As soon as he arrives here he will arrange to open the track office at Douglas Park and begin preparations for the coming spring meeting at that track following the twelve days of racing at Churchill Downs. His assistants, Frank Bruen, is now at Latonia and will come here with Manager Hachmeister next week.

Jockey A. Walsh has arrived here and will begin galloping horses to get in condition to resume riding by the time the Lexington meeting begins, two weeks from the coming Friday. Walsh was re-instated at Juarez last winter.

ANSWERS TO QUERIES.

F. W. H., Keytesville, Mo. If the bet was worked as in your letter, it amounted to a parlay and could win no more than the bookmaker's limit.

J. H., Chicago. Do not know. If you read the newspapers you must know they had trouble there. The quotations published are all that could be secured.

THIRTY LEADING MONEY-WINNING HORSES OF THIS YEAR

Because of having captured the Palmetto Derby at Charleston the three-year-old Ivan Gardner is at the head of the list of thirty best money-winning horses of the year 1914. When the tale of the year is told it is more than probable that most of the horses now figuring in the list will have been supplanted by better racers, yet to make their first start this year. Next to Ivan Gardner is the five-year-old Republican, quite a useful horse when at his best. The fast Texas-bred three-year-old, Orb, is third in the list. Pardner, Belle of Bryn Mawr, John Reardon and Captain Burns are the others that have won \$2,000 or more. James Butler's unbeaten Viceroy filly, Climber, leads the two-year-olds, but does not quite reach the \$2,000 mark. Before long stake races won at Havre de Grace and Lexington will introduce newcomers to the list, which is now as follows:

London, Eng., April 8.—Premier Asquith, who resigned from the house of commons in order to make his acceptance of the portfolio of secretary of war legal, was returned to parliament unopposed today from his constituency in East Fife, Scotland. Premier Asquith has represented this district in commons since 1886. Six years ago today Mr. Asquith became premier.

Washington, D. C., April 8.—The question of how much white blood an Indian may possess without becoming a "mixed blood" within the eyes of the law was argued before the Supreme Court. The government seeks to limit the effect of the Clapp amendment of 1906, under which all restrictions as to the sale of allotments to Indians within the White Earth reservation in Minnesota were removed as to "mixed blood" Indians. The court

was asked to hold that an Indian must have one-half white blood in his veins before he becomes a "mixed blood." Solicitor General Davis declared that white neighbors had gotten title to one-half the land allotted to the Indians.

London, Eng., April 8.—Sergeant Deane of the British army flying corps was instantly killed today at the Brooklands aerodrome while making his final flight as a pupil before receiving his pilot's certificate. Deane, acting against the advice of his instructor, ascended to a height of 1,200 feet. He then attempted a spiral descent, during which he lost control of the aeroplane.

Washington, D. C., April 8.—Plans for President Wilson's Easter trip were announced today. The party will go to White Sulphur Springs, W. Va. Hearing on the controversy over a fund of \$200,000 claimed by the estate of the late John E. W. Wayman as fees collected through the Municipal courts during his term of office as state's attorney was resumed today before Judge J. A. Baldwin here yesterday. The money has been paid into court on a bill of interpleader filed by Homer S. Galpin, former clerk of the Municipal court. Attorney Thomas Marshall argued that it is illegal for the state to convert fees of officials into the treasury.

Juarez, Mex., April 8.—Six hundred Spaniards, expelled from Juarez by General Alva, arrived here this morning and prisoners, of whom eight were taken to El Paso. Fighting is general around Tampico, according to official reports. The rebels have captured Dona Cecilia and apparently another small point. An official telegram states that the combined constitutional forces of Generals Obregon and Carrasco have invested Mazatlan.

Kansas City, Mo., April 8.—The lowest temperatures ever recorded so late in April were registered over most of Missouri, Kansas, Oklahoma and north Texas today. Kansas temperatures ranged from 10 to 15 below zero, the coldest in the western part of the state, to 24 degrees at Topeka and other points in the eastern part. The Texas panhandle reported a temperature of 10 above zero. All the fruit in that section, it is believed, has been killed. An inch of snow has fallen. The snow is of great benefit to the cattle ranges, which have lacked moisture.

Governor Cole L. Blease of South Carolina has just released from prison, of whom eight were convicted of manslaughter, three of larceny, two of arson and one of practicing dentistry without a license. There were more than 1,300 prisoners in the state penitentiary when Mr. Blease became governor, but there are only 188 left, and they will leave before long, as the governor told a committee of the legislature that he intended to empty the penitentiary by August 1.

Quincy, Mass., April 8.—Charles W. Ganzel, a crack baseball catcher of a quarter of a century ago, died here today. He had been ill of cancer for a year. Ganzel's fame began as a member of the noted Detroit team of the early eighties, and his name became one of prominence in baseball history as a member of the "Big Four," with Richardson, Eubank and Bennett, who in 1888 were sold to Boston by Detroit for \$25,000, an astounding sum in those days. He had previously played with the St. Paul and Philadelphia teams. John Ganzel, manager of the Rochester team of the International league, is a brother of the dead man. Ganzel was 52 years old.

Washington, D. C., April 8.—Australia and Argentina are the only two countries so far as known which have a greater per capita consumption of dressed meat than the United States, according to a statement of the department of agriculture. "Australia and Argentina," says the statement, "are countries of sparse population and vast herds and flocks, hence meat is exceedingly cheap and native consumption large and probably wasteful." The per capita consumption of meat for Australia and Argentina is estimated to be about 250 pounds per annum. The corresponding consumption for the United States was computed by the federal bureau of animal industry to be 172 pounds in 1909, and it is estimated to be about ten pounds less today.

New York, April 8.—The huge battleship New York, the most terrible engine of destruction ever built in a United States navy yard, was formally placed in commission today. The event was attended with simple but impressive ceremonies. Within a cable's length of the New York lay her sister ship, the great battleship Texas. Not only in size but in the calibre of the guns comprising their main batteries are the New York and Texas the most formidable battleships ever built. Up to the present time the 13-inch gun, which has not been used on any of the newer ships of the navy, has been the main armament of naval guns. The New York and Texas, however, will each carry ten 14-inch guns, mounted two to a turret and so arranged that all of them can be fired in a broadside, forward or aft at the same time.

NORFOLK RACING GOES ON

ARRANGEMENTS MADE FOR CONTINUATION OF MEETING TO ITS SCHEDULED END.

Horsemen Agree to Race for Gate Receipts and Officials Donate Their Services—Betting Conducted on Strictly Oral Basis.

Norfolk, Va., April 8.—The meeting of the Jamestown Jockey Club continued today under an agreement reached last night after yesterday's raid on the betting ring had been discussed in all its phases. The arrangement is that the Jockey Club will not be required to adhere to the program originally announced for the meeting and the horsemen will race for the gate receipts. The officials will do their part in carrying the meeting out by donating their services. It is expected that under these conditions the sport will go on without interruption until the fifteen days for which it was scheduled shall have been completed on April 17. The following day will bring the opening of the racing season in Maryland, at the Havre de Grace track.

A large and enthusiastic crowd was on hand at the track this afternoon. When the notes of the police bugle called the horses to the post for the opening dash of the day, peal after peal of handclapping burst from the grandstand. The demonstration lasted for several minutes and the last echo did not die away until the barrier was sprung to send the horses away.

The excitement that attended the raiding of the betting ring yesterday has not died away and local citizens are highly incensed over the high-handed manner in which the emissaries of Governor Stuart made their arrests yesterday. "Brutal and altogether not befitting any civilized community" was the way one former deputy sheriff characterized yesterday's proceedings.

Many men who were placed under arrest yesterday by the Baldwin detectives owe their liberty on bail today to Al Hunt, diminutive New York speculator. He placed \$6,000 in the hands of the police authorities to guarantee the appearance of the men when summoned for trial. "Gentlemen, you may take any part of that money if any one now under arrest fails to appear for trial." His action was the sole topic of conversation where racegoers congregated this morning.

The management came in for severe criticism for their hasty action in precipitately deciding last night to declare the remainder of the meeting off. However, the officials this afternoon made up for this in part by devoting their services to the continuation of the meeting gratis. From the list of paid officials on the grounds to the lowly gamblers all volunteered their services free of charge.

The races today were contested without any programmed purses, but it was understood that winning horses would receive over \$100 apiece.

The open betting was tolerated today and representatives of the governor failed to put in an appearance. Several layers accepted oral wagers on the lawn. Favorites scored frequently and the layers had a losing day.

Because of numerous scratches, the fields that started were small and the racing was nevertheless the racing was keenly contested throughout.

The report issued from the hospital last night that jockey Bresch had died proved false. The boy has been operated upon and is showing some improvement.

William P. Riggs, secretary of the Pinlico track, was an arrival today and was kept busy answering the question of horsemen proposing to ship to that Maryland course.

Matt Corbett, an old-time rider, came from Sheephead Bay to witness the running of the card.

Following the announcement made last night that the meeting had been declared off, many followers of the sport made quick train connections and were absent today from the track. Manager Bob Levy failed to put in an appearance and it is believed that he is in New York.

William M. Manly, president of the Maryland Jockey Club, and a prominent society and club man in Baltimore, is about to undergo an operation for the relief of throat trouble from which he has been suffering for several months.

Among the trials recorded over a good track this morning were:

Brynarh—Seven-eighths in 1:31%.

Brynlimah—Mile in 1:45%.

Carlton G.—Mile in 1:48%.

Curieux—Three-quarters in 1:17%.

Czar Michael—Five-eighths in 1:07%.

Foldover—Half mile in 56%.

Fort—Five-eighths in 1:06%.

Frank Hudson—Mile in 1:46%.

Frog—Five-eighths in 1:04%.

Sherwood—Five-eighths in 1:07%.

Tactics—Half mile in 49%.

THOMAS CLYDE MAKES MAGNANIMOUS OFFER.

Baltimore, Md., April 8.—In order to show the desire of the Pinlico management to cooperate in having proper racing legislation passed in Maryland, Thomas Clyde, owner of a racing stable and a large stockholder in the Pinlico track, today offered to declare a truce with those who are trying to suppress racing. Mr. Clyde's offer came in a letter denying allegations made by Rev. Dr. John Roche Stratton, leader of the fight against racing at the session of the Legislature which closed Tuesday. The Legislature authorized Governor Goldsborough to appoint a commission to study the question and report its findings to the Legislature of 1916.

Mr. Clyde today wrote Rev. Dr. Stratton that he was willing to cooperate with the anti-racing people in assisting the governor to find a non-partisan commission. He offered to bear one-half of the expense in the event that some anti-racing man would pay the other half.

The governor probably will soon appoint his commission and it is thought that an exhaustive search into Maryland racing conditions will be made during the next two years.

RAISE DAILY RACING TAX TO \$500.

Toronto, Ont., April 8.—The Ontario Legislature late yesterday dealt with two matters affecting racing in this province. Hon. Mr. Lucas, the provincial treasurer, in his bill amending the corporations tax act, gave notice of an increase of the fee for racing licenses from \$200 to \$500 a day, the new figure being the same as charged for circuses. The railways, the express, telegraph and insurance companies and the banks were the principal other institutions to have their taxes raised.

The bill introduced by Mr. Pratt to provide for the establishment of a provincial board of racing supervisors was withdrawn. Mr. Pratt is a government supporter, but his bill was a private measure that did not appeal to the cabinet. Hon. Dr. Reaume and Hon. Mr. Lucas, representing the government, told the house that they saw no necessity for such a bill and Mr. Pratt got permission to withdraw it.

NOTES FROM BLUE GRASS REGION.

Lexington, Ky., April 8.—Hippodrome, one of the thoroughbred stations that Price McKinney bought from the James R. Keene estate, was shipped yesterday to Avon, Ky., where under the direction of Lieut. Nathan Shriverick, late of the U. S. army, he is to stand at Herbert Wadsworth's place for use in the production of perfect hunters and officers' chargers.

Very little exercise was given the racers at the Kentucky Association course today. Rain fell last night and left the track muddy and a sudden change in temperature has had a decidedly chilling effect on men and horses alike.

J. O. Keene's Agnes Virginia foaled a bay filly by Ormondale last night.

Price McKinney's Madge has a bay filly by Voter, and Vantage a bay colt by Stalwart.

Starter Harry Morrissey, who has been schooling two-year-olds at the barrier every day this week, says the youngsters of this season are a better looking lot than were those of 1913.

AMERICAN SUCCESSES IN FRANCE.

At Maisons-Laffitte, March 20, jockey J. Reiff won two races, including the stake feature of the day, and placed in two other races. Frank O'Neill also won two races and placed in another. Guy Garner won a race the same day.

At Autenil, March 22, V. Powers won a hurdle race and placed in another.

At St. Cloud, March 23, Frank O'Neill won four races, all in which he was engaged. J. Loftus was second to him in one race and third in another. M. McGee also finished second to O'Neill in one of the races.

At Maisons-Laffitte, March 24, McGee won two races, while Garnet and O'Neill each accounted for one. Loftus was second to McGee in the Prix de la Reine, a \$4,000 race, which was won by H. B. Dureya's Durbar II.

At Tremblay, March 25, O'Neill won a race and finished second in two others. McGee won a \$1,000 race for H. B. Dureya with Frizzle.

At Autenil, March 26, V. Powers won a hurdle race.

TRAINER BLUME BUSY IN EAST.

New York, April 8.—Gus Blume, who was among last year's successful trainers, is looking forward to another satisfactory season on the metropolitan tracks with the horses under his care. At his well-equipped Bay Shore establishment Blume is preparing a number of thoroughbreds owned by prominent men. His clients are men of prominence who are in the sport purely for sport's sake. They include Judge John J. Graham, J. F. Carlisle, S. F. Rothschild, Edward C. Blinn, D. B. Thornton, Harry N. Tucker and Victor T. McCarthy. The horses under his care include Sieke, Lokonis, Mr. Speer, Speculator, Delegate, Overtona II., Golden Prime, Heather Cat and Optimist.

HOW THE LINCOLNSHIRE WAS WON.

Twenty-two horses started for the Lincolnshire Handicap, of which J. B. Joel's Spanish Prince was the top weight at 121 pounds. The heavy weight had nothing to do with the finish. On the winner, carrying 99 pounds, Cuthbert, the second horse, 102 pounds, and Short Grass, the third horse, 100 pounds. Concerning the horses starting and the race itself London Sporting Life of March 26 said:

The most admired of the party was Cigar, which, always a handsome horse, looked a perfect picture. So did Tuxedo, but Brancepeth, which had played a curious part in the market, pulled up leg weary after a six furlong gallop and certainly did not please the critics. This no doubt was responsible for his retrograde movement in the market for at the finish it was quite easy to get 10 to 1 about him, while previously good judges had accepted as little as 7 to 1. It is many years ago since an aged horse won the Lincolnshire Handicap, and Brancepeth, named by the way, after one of Lord Durham's colliers, was not one of the animals to break records. Tuxedo looked well as he walked around the enclosure, described as a paddock, and so did Cuthbert, which returned to market favor at the finish. Maiden Erleigh would have been better with a few more gallops and so would Jarnac II., which carried a big barrel. Cuthbert represented himself as a quarter of a mile from home, but collapsed entirely in the last furlong and failed to gain a place. Mediator is a fast horse, but it is obvious that he cannot get a mile. The Lincolnshire Handicap is always, or nearly always, decided in the last couple of hundred yards and Outran asserted himself there and won with plenty in hand. Cuthbert was unquestionably second best, and Prevoyant, the property of one of the best-known members of the ring, ran sufficiently well to encourage the belief that he will win over an easy course like Brighton, where he has previously shown his ability. Romeo was badly interfered with and practically took no part in the race. Brancepeth, Boubon Rose and Pintadeau were also sufferers, and Cuthbert only just escaped the tangle. Mr. Davies' horse soon asserted himself, as did Mediator, but the latter was not capable of getting the mile.

It has been argued that Lincoln is an easy course and the fact that both Little Eva and Sir Geoffrey won the race is substantial proof of the recognized theory, but they were both tiring at the finish of their respective races. So was Mediator. He was leading a quarter of a mile from home, but collapsed entirely in the last furlong and failed to gain a place. Mediator is a fast horse, but it is obvious that he cannot get a mile. The Lincolnshire Handicap is always, or nearly always, decided in the last couple of hundred yards and Outran asserted himself there and won with plenty in hand. Cuthbert was unquestionably second best, and Prevoyant, the property of one of the best-known members of the ring, ran sufficiently well to encourage the belief that he will win over an easy course like Brighton, where he has previously shown his ability. Romeo was badly interfered with and practically took no part in the race. Brancepeth, Boubon Rose and Pintadeau were also sufferers, and Cuthbert only just escaped the tangle. Mr. Davies' horse soon asserted himself, as did Mediator, but the latter was not capable of getting the mile.

As a guide to future events, the big race did not reveal anything. Had Long Set run he might have won, for he is undoubtedly the best handicap horse in training. Mr. Joel thinks he represents something more than that class and is substantiated in his opinion by Harry Batho. Long Set will be seen in cup races this season and is quite likely to earn as great a reputation as did Scoury, which twice won the Doncaster Cup, having such a grand stayer as The White Knight behind on the second occasion.

Before leaving the paddock Prevoyant got rid of his jockey. Cigar, Maiden Erleigh, Boubon Rose, and Romeo were the best of the lot. Boubon Rose, and Brancepeth, Boubon Rose, and Pintadeau got badly away. Prevoyant (on the right) cut out the work from Cuthbert (in the center), Maiden Erleigh (on the left), Surge (in the center), Cigar (on the extreme left), Mediator, Bine Stone, Outran (on the left), Short Grass, and Knuck-na-Corriga, with Agdhoe and Elton Boy most prominent of the others. These positions underwent little alteration until a half mile had been covered, when Mediator, Cuthbert, and Maiden Erleigh headed Prevoyant, these being pursued by Spanish Prince, Outran, Short Grass, Knuck-na-Corriga, Surge and Agdhoe.

At the distance Maiden Erleigh and Spanish Prince were beaten, as also was Mediator in the next fifty yards, whereupon Outran challenged Cuthbert, and quickly asserting his superiority, won by two lengths. Short Grass being beaten a head for second place. Prevoyant was officially placed fourth, and then came Mediator fifth, Knuck-na-Corriga sixth, Agdhoe seventh, Cigar eighth, Spanish Prince ninth, Boubon Rose tenth, Puro eleventh, Erleigh fourteenth, Elton Boy fifteenth, Tuxedo sixteenth, Surge seventeenth, Romeo eighteenth, Jarnac II. next, and Pintadeau last. Time 1:44 1/2.

GOSSIP OF THE TURF IN OTHER LANDS.

There were no fewer than 112 horses saddled at Lincolns March 25, which is the record for the opening day of the meeting.

Danny Maher does not share in the widely circulated belief that he is done with riding. In response to a message of inquiry sent to Maher by the Press Association, asking whether the report that he was retiring from race riding was correct, the following reply was received: "I was not aware of it. Why do you ask?" Maher.

Frank O'Neill, the American jockey, has been engaged to ride Corcoran for Lord Londonderry in the Two Thousand Guineas and the Newmarket Stakes. In the One Thousand and the Derby he has been retained by Sir John Thurstby to steer Torchlight and Kennymore. Sir Ernest Cassel was desirous of securing O'Neill's services for Hapsburg, but his application arrived too late.

At Liverpool March 26 the Hylton Handicap was won by Lord Derby's four-year-old colt, Young Pegasus, in a head and nose finish with The Angel Man and Mix Up. The latter is a Whitney cast-off belonging to Paul Nelke and but for getting off badly would have won the race. The famous sprinter, Hostess, Beauty and Treva, Spruce, were among the unplaced horses in this race.

The first English stake race of the year for two-year-olds, the Brookley, of \$3,640 to the winner, was won at Lincoln March 24 by Lord Villiers bay or brown filly Security, by Simon Square—Trust. Eighteen started, of which King George's Grey Sinner was one. Col. Hall Vane's colt, Minnie, was off badly and so pocketed as to have no chance. A. Sadler, Jr.'s colt Eagle's Nest finished second and Sir W. Nelson's filly Letty was third.

Prince Christian, the winner of the Prix Gallistrat at Autenil on Sunday, March 22, was purchased as a yearling at Deauville by M. Calmann for 15,500 francs. After running at Baden-Baden, where he was three-year-old, M. Calmann sold him to M. H. de Mumm for 4,000 francs, and the last-named owner disposed of the son of Prince William to M. A. Vell-Picard, his present owner, for 25,000 francs and a 10,000 francs contingency.

On the second day of the Lincoln spring meeting the Rathway Plate at five eighths, for the yearlings, was won by P. Osborne's four-year-old colt, The Boss, which is a son of Richard Croker's Derby winner, Orby. Two American horses, H. P. Whitney's Panasine and Lord St. David's Forward, were in the unplaced division, The Boss winning in a canter by two lengths, with two lightly-weighted two-year-olds, Primrose and Clap Gate, second and third respectively.

Last year's crack two-year-old, Stornaway, made his debut as a three-year-old in the \$5,000 Union Jack Stakes, one mile, at Liverpool, March 26, but third to My Prince and White Lie was the best he could do. Stornaway cost E. Hulton \$25,000 as a yearling and more than that sum back last year. Unluckily a cold wind became affected and his prospects as a three-year-old are necessarily clouded. King George's Brakespear was one of the unplaced three-year-olds in the race.

The four-year-old Fire Finch, by Sundridge—Swee Finch, has been purchased by Mr. Clarence Halley, of Newmarket. Fire Finch was one of the best juveniles in the country, winning the Spring Two-year-old Stakes at Newmarket, having behind him, amongst others, Rock Flat, the only horse that beat Craganour as a two-year-old. The colt also won the Berkshire Foal Stakes at Newbury, beating Roseworthy and a big band easily, and he is one of the highest last horses ever bought for India, which country is his destination.

NOTES OF THE TURF.

Kogo foaled a colt by Guiding Star in Montana last week.

I. Striker and E. L. Fitzgerald are on the way from Juarez to Montreal with two carloads of thoroughbreds. The shipment includes Thomas Hare, Spirella, Jack St. Lawrence and others.

Jockeys H. Cavanaugh, R. Troxler, G. W. Carroll, E. Haynes, Murray and W. Fuller have just arrived at Tulsa for the meeting which is to open there Saturday. Other arrivals at Tulsa from Juarez include G. Melbourne, J. Emmett, D. Denison, O. P. Romiga and C. T. Brownfield.

Another racing match took place at the Juarez track last Sunday under the auspices of the fund for their wounded soldiers and the winners were Grizzly Bear, Charles Fox, Angelus, Manganese, Great Friar and Thomas Hare. The purses were \$100 each.

Superintendent J. P. Ross of the Kentucky Association track had been notified by Frank D. Weir that he will ship Old Rosebud and several other horses to Lexington from Louisville as soon as they are stable enough to be had for them. Contractor John Hendricks has promised one of the new forty-stall barns at Lexington by next Saturday and the other by the following Saturday.

WILL RACE OVER PRIVATE TRACK.

New York, April 8.—The private race course at Wheatley Hills, built by William C. Whitney and continued by Harry Payne Whitney, will be utilized for the first time as a public race track for the spring meeting of the Meadow Brook Steeplechase Association on May 9. No admission will be charged and Mr. Whitney will entertain the farmers and many of the country's standing will be on the program. Among these are the Rats Cup for hunters, at two miles and a half over the brush course; the Stewards Open Steeplechase at two miles over the brush course; the twenty-first running of the Meadow Brook Cup for hunters, at about three miles over a post and rail course, and the Richard Peters Challenge Cup, for three-year-olds and upward, that have not won a race under the rules of the Jockey Club within six months prior to the closing of the entries.

With the exception of the Stewards Open Steeplechase, all races will be confined to gentleman riders. All races will be handicaps with the exception of the Meadow Brook Hunt Cup, which is an allowance race with the weights high enough to permit gentlemen to ride.

ANACONDA MEETING ARRANGED FOR.

Butte, Mont., April 8.—Arrangements have been completed by which a race meeting of fourteen days' duration will take place at Anaconda, following the meeting of the Butte Jockey Club in this city, July 4 to August 8. The Anaconda meeting will be given under the management of President H. J. Wilson of the Butte Jockey Club and will in turn be followed by meetings of fourteen days at Deer Lodge, six days at Helena and six days at Missoula. This ensures seventy days of continuous racing in Montana, with short shipments between racing points. Bookmaking will prevail at all tracks, except Helena, where the racing takes place in connection with the Montana State Fair and the pari-mutuel system of betting is always employed. Many horses are already quartered at the Butte track and others are en route here from Juarez and other points. Already the local patrons of the sport are looking forward to the July meeting. Butte has had nothing but successful meetings in recent years and this year's should be no exception. Since the season is prosperous, racing folk who come here will find increased accommodations in the way of several new hotels and rooming houses.

THE LATE ALFRED S. POST.

Alfred S. Post, whose death from paralysis is reported from New York, enlisted in the United States navy in 1862 and served as aide-de-camp to Admiral Charles H. Davis and Admiral David D. Porter, receiving mention for meritorious service. He was 69 years old and was born in Manhattan. Following his war service he entered the Naval Academy at Annapolis in 1862, but resigned in 1864 and went to China for a business concern. He returned to New York in 1867. He was a member of the Coney Island Jockey Club and the Ontario Jockey Club. He had high ideals of sport and is said never to have wagered money on a horse race, though he frequently served as judge at races. He also was a member of the Union Club of Manhattan and the Naval Order of the United States.

Mr. Post leaves his wife, who is a member of the New York City Board of Education, and a son, Alfred Seton Post, Jr., who is connected with the Equitable Trust Company, and three daughters, Miss Ethel M. Post, of Flushing, Mrs. Henry C. Beadleston and Mrs. George G. McMurray of Manhattan.

NIMBUS was waited with for the first three-eighths, then was sent into the lead and at once drew out with ease. PROVINCE was placed off at the start, but recovered quickly and, having saved ground on the turn, finished fast and secured second place in the last sixteenth. HENRIETTA W. ran a good race and was on the outside all the way. THE TURKES showed speed and raced well to the stretch, then tired. STEALAWAY bled and was eased up. MIMESIS was always outrun. BOBBY COOK set the early pace and tired in the stretch. CHANTICLOR quit early.
